

Test case:

- 1) Play the game until you win once.
- 2) Verify that the “Wins” score count will update to 1.

1-Bug Report:

Title: “Wins” score count does not update

Steps to Reproduce:

Launch the app.

Click Draw.

Select 2 Bots – “Add to Duo”.

Click “Duel!”

Repeat Process until you win

Observe the “Wins” score count

Expected Result:

The “Wins” score count should update accordingly to each Win.

Actual Result:

The “Losses” count is updated oppose to the “Wins” count.

Severity:

High - The user to keep track of a valid score.

Environment:

Browser: Google Chrome version 111.0.5563.146

Operating System: macOS Monterey

Website: <http://localhost:3000/>.

Screenshot:

Wins: 0

Losses: 2

You won!

Play again!

2-Bug Report:

Title: "See All Bots" button does not work

Steps to Reproduce:

Launch the app.

Click "See All Bots".

Observe that nothing happens

Expected Result:

All Bots should be revealed.

Actual Result:

Nothing occurs after clicking "See All Bots".

Severity:

High – Critical feature of app where user should be able to see all bot options.

Environment:

Browser: Google Chrome version 111.0.5563.146

Operating System: macOS Monterey

Website: <http://localhost:3000/>.
